Secret Caverns- Discovered by a farmer after his cattle wandered into the entrance to cool down, the Secret Caverns are a kitschy and odd alternative to the nearby larger enterprise, Howe Caverns. A 103- step staircase is the only way in or out.

Niagara Falls Illumination -For more than 75 years, visitors to Niagara Falls have been able to enjoy a nighttime illumination of the impressive American and Horseshoe falls. Every night of the year at dusk, visitors can experience the falls a new way. (***)[The completeness of night view on certain summer evenings may be limited or not available due to late sunset time and US Federal Government regulations on driving hours.](#))

Old Fort Niagara is a rich historic landmark; it spans more than 300 years. Its commanding presence on the great lake caused it to play a critical role in the French and Indian War, the American Revolution and the War of 1812. The gorgeous Lake Ontario lay behind the Fort. Catch "Niagara: Legends of Adventure," a dramatic 45minute **IMAX Movie** on the new 45X25foot screen.

[When weather condition and time arrangement is permissible,](#) we will also take the **Niagara Jet Boat** to skim above the swift waters of the Niagara River Gorge, followed by swirling torrent of the legendary Niagara Gorge, with the hair-raising 360-degree spins for which the jet boats are specifically designed.

After lunch, we are heading to **Corning Glass Museum** - in western New York-which is dedicated to the history, art, and science behind glassmaking. Its collection contains more than 45,000 objects, some of which date back millennia. It was founded in 1951 and sees 400,000 visitors annually.
